

GCSE to Further Education

A Level Design and Technology

Section A - research task

choose one of the following industrial designers:

- Philippe Starck
- James Dyson
- Margaret Calvert
- Dieter Rams
- Charles and Ray Eames
- Marianne Brent

Investigate the work of your chosen designer. On a sheet of paper write a short piece describing their background history, for example, when and where they were born, their education, how they going to design, what are they famous for etc.

Now produce an A3 sheet of images associated with your chosen designer and explain the key features of their design style.

Section B - design and modelling task

You are now going to design a model light / lamp in the style of your chosen designer.

Produce five to six different ideas for your lamp. The design should mirror the style of your chosen designer. Your design ideas should show imagination and flair. They should also be well presented, neat and include detailed annotation. This work should be done on one to two sides of A3 paper.

Produce a model of one of your ideas. You can make your model from any materials of your choice you should produce a page of photographs of your model showing it in as much detail as possible.
