- Promote an effective partnership between pupils, parents and staff, which will lead to your child raising their levels of attainment.

**Medication in Schools:**

**For pupils under the age of 16 years, medications containing aspirin must not be brought on-site unless specifically prescribed by a doctor and administered by the Welfare Officer.**  
The Academy only accepts medicines that are in date, labelled, provided in the original container as dispensed by a pharmacist and include instructions for administration, dosage and storage. The exception to this is insulin, which must still be in date, but will generally be available to schools inside an insulin pen or a pump, rather than in its original container.

The Academy staff member accepting the medicines will need to ensure that the medication:

- Is brought to the school by a parent/carer
- Is in the original packaging from the pharmacist
- Is in date. (Note – this must be taken from the blister pack.)
- Will expire when the prescription ends as the manufacturer's expiry date is not valid once the medication is opened.
