

Passmore Academy and Stewards Academy were absolutely delighted to welcome our year 10 and 11 students to our joint Careers Fair on Wednesday 11th October 2023, held at Passmore Academy. It was a highly successful event, with the school buzzing from start to finish. Various providers attended, including Sixth Forms, Universities, and all our local Colleges as well as employers and training providers representing a wide range of career paths.

Visitors had the opportunity to speak with the providers about post-16 options and to get a better understanding of what is available to them once they leave Secondary School education. We were so pleased to see how happy the students seemed as they left the premises with a much clearer understanding of not only what they want to do after school, but also, the grade boundaries/criteria for their chosen path as well as brochures to take away (and even a goodie bag too!).

Students and parents who attended the event said:

"The evening was really helpful and informative. Gave us some things to think about, and information on how to get onto the right path for the desired career".

"Was nice to see how many different options of Colleges, Sixth Forms and Apprenticeships are available to young people in this area".

Providers who attended the event said:

"Great evening, we had lots of enquiries". (Harlow College)

"Fantastic event, with lots of opportunities for pupils". (St Marks)

"Lots of nice, meaningful conversations with students". (Writtle College)

"Well organised event that was very well attended". (Royal Navy)

"Excellent as always". (Make Happen)

We hope that all of the students who attended are now even more excited for their post-16 journeys, and if you have any questions at all about careers, please contact your School's careers team.
